- Note: The numbers above do not always match the numbers shown in the charts on the following pages, in part because the statistics below are pulled from dispatch records which do not always accurately reflect the final type for the service call. A deputy may respond to a suspicious circumstance and later change the type to theft, for example.

The following charts and tables compare calls for service in the reporting months to the same months in the previous year and provide a monthly average (Typical Month) in each category. Data displayed is for all dispatch groups provided service by the Gold Bar Region (KK) and Index (RR) police agencies. All statistics may be viewed at Gold Bar City Hall.
