

## *City of Gold Bar In Partnership With Snohomish County Sheriff's Office*

*Sheriff Ty Trenary*

*Mayor Linda Loen*

### *Notable Events of September 2015*

- Security tip: Know your neighbors and your neighborhood. In modern society, many victims of crimes report to police that they do not know who their neighbors are, they do not know what persons or vehicles are usually in their neighborhood, and they sometimes do not even know whether there is more than one possible route to get to or from their homes. Getting to know your neighbors and your neighborhood helps you and them to recognize when something just isn't right or when someone in the neighbor's back yard just doesn't belong. Just recently, our East Precinct deputies responded to a report of a person in a neighbor's back yard who did not belong there, and ultimately arrested the burglar as he fled and recovered the neighbor's stolen property.
- Amber Alert: An amber alert was issued for Leah Lund's newborn daughter. Lund reportedly left with her newborn daughter who may be at risk due to Lund's reported drug addiction issues. Lund may have recently been seen in the unincorporated areas south of Index. Additional information is available on the Snohomish County Sheriff's Office website, Facebook and Twitter pages.

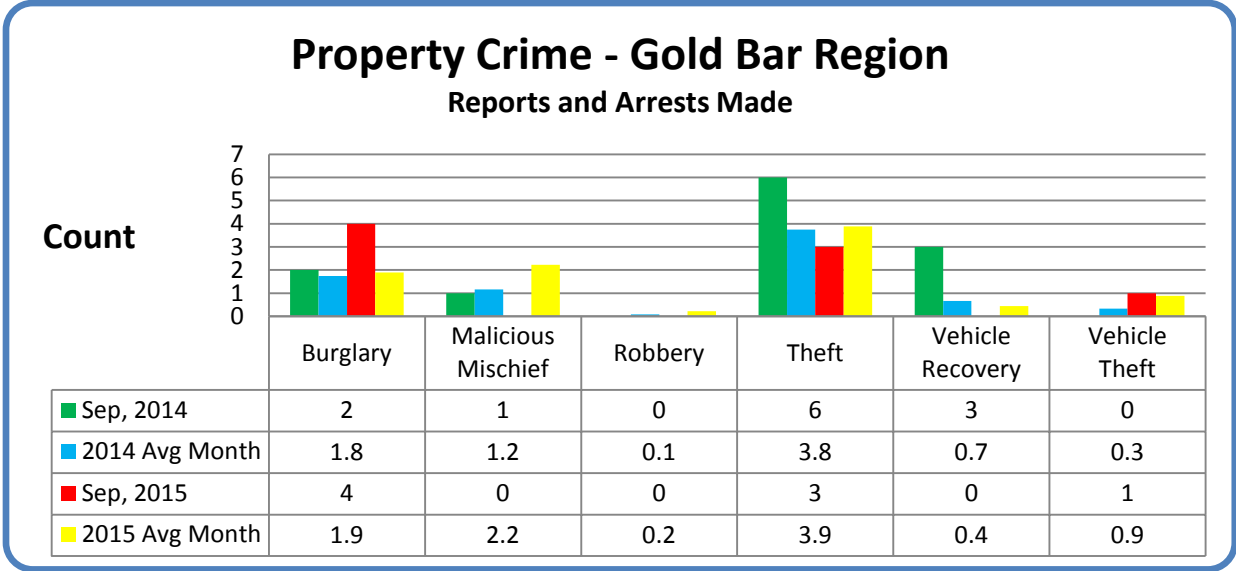

### *Gold Bar*

- Case Reports Summary: Property Crimes: 3 Burglary, 1 Attempted Burglary, 2 Theft, 1 Vehicle Theft. Persons Crimes: 2 Assault, 2 Harassment Substance Abuse: 1 DUI  
Other: 1 Warrant Arrest, 1 Disturbance, 1 Mental Health Referral
- Attempted Burglary: A known male suspect with a prior burglary conviction was caught on camera attempting to break into a residence, ultimately tripping the monitored burglary alarm and fleeing. Video and photo security devices are becoming increasingly affordable and diverse with simple systems starting at less than \$100, more capable multi-camera systems available for a few hundred dollars, and monitored alarm systems with live internet video feed available for a monthly service fee. Video and photos improve security by providing evidence that can lead to convictions and potentially reducing crime in an area. Alarm systems can improve security by deterring a break-in or by deterring theft and/or additional damage after a criminal breaks in. In this case, we get the benefit of both where the alarm system caused the burglar to leave and the video system identified him to law enforcement.

### *Index*

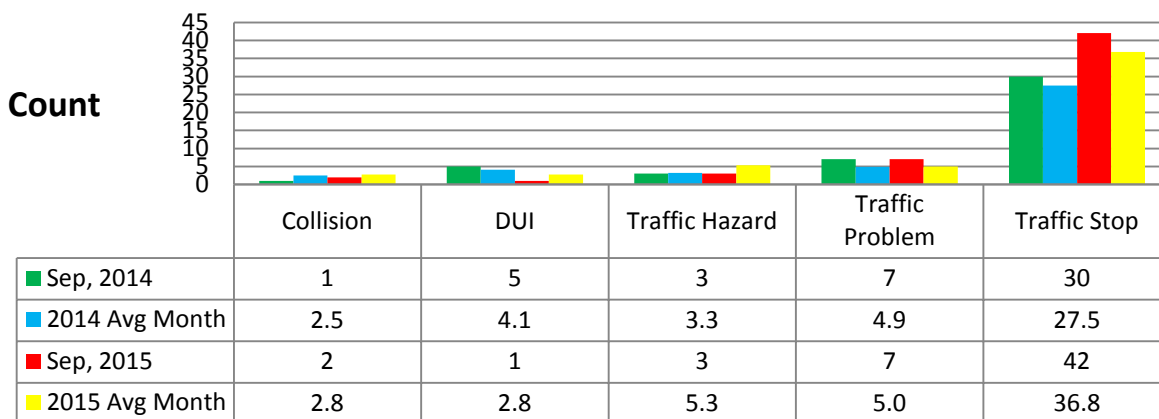

- Deputies contacted a male subject for erratic behavior and transported him to a care facility for Mental Health treatment.
  - Note: The numbers above do not always match the numbers shown in the charts on the following pages, in part because the statistics below are pulled from dispatch records which do not always accurately reflect the final type for the service call. A deputy may respond to a suspicious circumstance and later change the type to theft, for example.

The following charts and tables compare calls for service in the reporting months to the same months in the previous year and provide a monthly average (Typical Month) in each category. Data displayed is for all dispatch groups provided service by the Gold Bar Region (KK) and Index (RR) police agencies. All statistics may be viewed at Gold Bar City Hall.

## Traffic Calls - Gold Bar Region

### All Dispositions

## Calls By Source - Gold Bar Region

Notes: Dispatched: SNOPAC or Citizen generated – dispatched calls for service  
 Self Initiated: Calls initiated by deputy  
 Per Deputy: Total divided by number of assigned personnel (4 deputies)

Report presented by Gold Bar Chief of Police Sgt. David Casey
