RE: 2016 Available Nos. for Gold Bar levy

Dear Clerk Treasurer:

We are providing numbers to assist you with your budgeting process and completing the Levy Certification and Resolution(s)/Ordinance(s) documents for the coming year. We need to receive these by **November 30, 2015**. The Actual Levy and Highest Lawful Levy amounts are based on your 2015 tax year levy limit calculations. The new construction, annexation and refund are preliminary numbers for the coming tax year. The State Assessed Utility numbers are unavailable at this time.

We show the population of your district to be over/under 10,000: **under**

Actual Levy: **\$198,598.90**

This is the amount you levied last year for your Gold Bar levy.

Highest Lawful Levy: **\$212,180.09**

This is the amount you could have levied last year for your Gold Bar levy. If you did not levy the maximum allowed, but "banked" the difference then this amount will be higher than the previous year's actual levy amount.

Banked Capacity: **\$13,581.19**

This is the amount available for tax year 2016 which is the difference between highest lawful levy that could have been made and the actual levy that was imposed. Note: if your levy is capped at the statutory limit this may preclude you from using banked capacity this year.

The following are estimated "add-ons" amounts that can be used for the coming tax year:

Estimated New Construction: **\$29.37**

This is the amount allowed for new construction using this year's new construction value at roll close of \$18,000

Estimated Annexation: **\$0.00**

This is the amount allowed for annexations using this year's annexation assessed value times last year's levy rate.

Refund: **see attached**

This is the amount allowed to recoup refunds.

The rate of inflation from the implicit price deflator (IPD) to be used for taxes due in 2016 is 0.251%. Therefore, districts with population of 10,000 or more will need to submit a minimum of two (2) Resolutions/Ordinances if they want to increase their levy limit by 101%. Districts with population of less than 10,000 are not affected by the IPD, but still need to submit a Resolution/Ordinance if they want to increase their levy limit by 101%.

If you want to collect refunds for your Regular and/or EMS levies you must include the refund amount on your Levy Certification document. We are requesting that districts write next to the dollar amount (includes \$XX.XX for refunds) to be levied (i.e. Regular Levy \$1,000,000 (includes \$1,015.52 for refunds). Since refunds are optional every year and are additional amounts to be recollected this will help our process in determining whether refunds are included in your total dollar amount to be levied.

Refund amounts are added for one year only and are subtracted from the Highest Lawful Levy, before we start calculations for the next year. So, any refund amount from last year has already been subtracted from the Highest Lawful Levy figure listed in this letter.

We will be sending a certification letter in early November as soon as all of the information is available to complete our process. If your levy documents are sent to us by November 5th, we will be able to incorporate your information into these letters. If not, your letter will reflect the information that is available at the time.

Please submit your levy documents on or before **November 30th** by sending:

Levy Certification to:

Levy Certification and Resolution(s)/Ordinance(s) to:

Everett, WA 98201-4046

Lastly, enclosed is a brochure of commonly asked questions and answers, refund amount(s) letter, and an extra page with additional information to assist you in preparing your Resolution/Ordinance that you might find helpful.

If you have any questions please call or e-mail me at (425) 388-3646 or Christoff.Huyboom@snoco.org or Linda's e-mail address is: linda.hjelle@snoco.org.

This is additional information to assist you in preparing your Resolution/Ordinance document for your Gold Bar levy. This information is not intended to tell you what to levy. The taxing district determines what to levy.

The district's previous year's levy amount is: **\$198,598.90**

If the district wants to increase their previous year's levy by **1%**:

The dollar amount of increase over the actual levy amount from the previous year shall be **\$1,985.99**

If the district wants to increase their previous year's levy by **more than 1%**:

$$\text{\$198,598.90} \quad \times \quad \frac{\text{____}}{\text{(Percentage of increase)}} = \text{amount of increase from previous year's levy}$$

Note: The County Assessor's Office will levy the lesser of: the amount of increase or the percentage of increase from the previous year's levy. If you want the exact amount of increase then make sure your percentage is rounded up. If you want the exact percentage then make sure your amount is rounded up.

If the district does not want to increase their previous year's levy, but still passes a Resolution/Ordinance:

The dollar amount of increase over the actual levy amount from the previous year shall be \$0 which is a percentage increase of 0% from the previous year.

Note: Districts with a population less than 10,000 by passing this Resolution/Ordinance will increase their levy limit by 101%. Districts with a population of 10,000 or more will need to pass another Resolution/Ordinance if they want to increase their levy limit up to 101%.

Dear Taxing Districts:

Enclosed is your taxing district's refund amount(s) provided by the Treasurer's Office. The Department of Revenue has informed us that administrative refunds are district specific, not levy specific. If your district decides to levy these refund amounts then next to your levy write includes X.XX for refunds.

Example:

*Regular Levy: \$3,500,000 (includes \$2,000.62 for refunds)
(State the total dollar amount to be levied)*

In some cases, your district may decide to add two or more refund amounts together to be included on one levy. Please use the exact refund amounts for your district that is reported from the Treasurer's Office on your Levy Certification, unless you want to levy less. In other words, do not inflate the refund amounts because I'll be levying the exact amount you authorize. The total dollar amount to be levied is okay to inflate to allow for any changes since we are dealing with preliminary numbers.

Also, the Department of Revenue has informed us that if a taxing district is restricted by their statutory maximum (dollar) rate limit that they may shift their refund levy to another levy. For example, if your EMS levy is capped at \$0.50, any refund amount over this can be levied on your Regular levy if there is room in that rate.

Making this adjustment is a timing issue for the Assessor's Office because I will not know the exact refund amount to be shifted until I calculate levies/rates in January.

If your district wants to do this you will need to add language that will allow the Assessor's Office to adjust the refund amount(s) on your Levy Certification.

Example:

*Regular Levy: \$3,500,000 (includes \$1,500.31 for refunds)
(State the total dollar amount to be levied)*

*EMS Levy: \$1,500,000 (includes \$500.10 for refunds)
(State the total dollar amount to be levied)*

If our levy is capped at the statutory dollar rate limit move the refund amount to the other levy while leaving the total dollar amount to be levied unchanged.

Note: this is telling me that if your levy is capped at the statutory dollar rate limit, I will adjust the refund amount from one levy to another levy that is not capped. Also, that you want to keep the same total dollar amount to be levied. So, the Regular Levy total dollar amount to be levied will be \$3,500,000 and the EMS levy is \$1,500,000.

Here's a recap that the Department of Revenue has told us regarding administrative refunds:

- The taxing district must request the refund levy in a specific amount.
- Under no circumstances can a regular levy's statutory maximum levy rate be exceeded.
- *Taxing districts* have the authority to levy for refunds and adjustments made as stated in RCW 84.69.180(1). The statute does not reference refunds per individual levy.
- Adjudicated refunds are regular levies, even if the refund was generated from an excess levy. They must be addressed in the levy calculations following the order from the courts.
- If a refund is generated following the expiration of a levy, the taxing district may include the refund amount in another levy made to ensure they have sufficient funds to repay the taxpayer(s). This applies to regular and excess levies.
- OSPI has stated refund levies can be added to a school district M&O levy even if this results in an amount greater than their levy authority amount.
- If the district certifies a separate refund levy amount for a bond levy that amount can be added to the district's levy.

The Assessor's Office will not provide any advice above and beyond what the Department of Revenue has already advised which has been shared in this letter. If you have any legal questions you will need to contact your attorney.

If you have any additional questions please call or email me at (425) 388-3646 or Christoff.Huyboom@snoco.org.

Sincerely,

Chris Huyboom
Levy Comptroller

Personnel Manual

**Adopted by the City of Gold Bar Council, through
Resolution #17-05**

Date of Resolution Adoption: February 16, 2016

Title 1, General

A. This manual is a general informational guide to the City's current employment policies and shall not be construed as a contract. The City reserves the right to amend, delete, supplement, or rescind any provision of this manual, as the City deems necessary and appropriate, without advance notice, by City Council Resolution. These policies shall not be construed to create contractual rights or any type of promise or guarantee of specific treatment upon which any employee may rely. The City also reserves the right to deviate from these policies in individual situations, particularly in an emergency, in order to achieve its primary mission of providing orderly and cost-efficient services to its citizens.

B. These personnel policies shall apply to all City employees. These personnel policies do not apply to elected officials and independent contractors. In cases where these policies conflict or differ with any City ordinance, civil service rules or regulations, the provisions of a collective bargaining agreement, and/or state or federal law, the terms of that law or agreement prevail. In all other cases, these policies shall govern.

C. Unless specific rights are granted in employment contracts, civil service rules, or elsewhere, all employees of the City are considered at-will employees and may be terminated from City employment at any time, with or without cause, and with or without notice.

Title 2, Equal Employment Opportunities

The City is an equal employment opportunity employer. The City employs, retains, promotes, terminates, and otherwise treats all employees and job applicants on the basis of merit, qualifications, and competence. This policy shall be applied without regard to any individual's gender, race, color, religion, national origin, pregnancy, age, marital status, medical condition, or disability.

Title 3, Definitions

City shall mean the City of Gold Bar.

Immediate Family shall mean an employee's spouse, registered domestic partner, child, parent, brother, sister, grandchild, mother-in-law, father-in-law, son-in-law, or daughter-in-law.

Regular Full Time Employee shall mean an employee who has completed his or her trial period and who regularly works a minimum of forty (40) hours a week on a continuing basis.

Regular Part Time Employee shall mean an employee who works less than forty (40) hours a week on a continuing basis, but at least twenty (20) hours a week on a continuing basis.

Supervisor shall mean an employee who has responsibility for directing one or more departments.

Temporary Employees shall mean those employees who hold jobs of limited duration arising out of special projects, abnormal workloads, or emergencies.

Title 4, Anti-Discrimination and Anti-Harassment Policy

A. It is the City's Policy to foster and maintain a work environment that is free from discrimination and intimidation. Employees are expected to show respect for each other, and the public, at all times.

B. Sexual or any other type of unlawful verbal, physical, or visual harassment of co-workers, co-employees, and members of the public is absolutely forbidden. This includes harassment based on gender, sexual orientation, race, religion, age, national origin, disability, or any other legally protected status. All employees must be sensitive to the feelings of others and must try not to act in a way that might be considered harassment by someone else.

Harassment can take many forms. Prohibited harassment includes, but is not limited to:

1. Verbal (e.g., racial, sexual, or ethnic jokes, stereotypes, and insults);
2. Physical (e.g., sexually suggestive or unwelcome touching or obscene gestures);
3. Visual (e.g., insulting cartoons, sexually suggestive or lewd pictures or photographs).

C. The City does not tolerate sexual harassment, which is a form of unlawful discrimination. Sexual harassment can include verbal behavior such as suggestive looks or leering; and physical behavior such as pats or squeezes; repeatedly brushing against someone's body; obscene or rude sexual comments, jokes, or suggestions; slang, names, or labels such as 'honey', 'sweetie', 'boy', or 'girl', that others find offensive; talking about or calling attention to another employee's body or sexual characteristics in a negative or embarrassing way; displaying nude or sexual pictures, cartoons, or calendars in or on City property; invitation for dates which do not stop when the response is negative; continuing unwelcome behavior after a co-worker has objected to that behavior; or blaming the victims of sexual harassment for causing the problem.

Conduct of this type is improper, and it may be illegal if:

1. submission to such conduct is made, explicitly or implicitly, a condition of an individual's employment or advancement;
2. submission to, or rejection of, such conduct by an individual is used as the basis for employment decisions affecting such individual; or
3. The conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

D. If you believe that you, or any other employee, applicant, or person who does business with the City of Gold Bar has been harassed or discriminated against in violation of this Policy, you should report the situation to your supervisor as soon as possible. If you are uncomfortable reporting the conduct to your supervisor, you may report it to the Mayor, or Mayor Pro Tempore

if the Mayor is your supervisor. In addition, you are encouraged to clearly explain to the person causing the discrimination or harassment that you are uncomfortable with his or her behavior and ask that it stop.

E. The City will take prompt and appropriate action to investigate and resolve any alleged or suspected incidents of discrimination or harassment. Appropriate corrective and/or disciplinary action, up to, and including, termination, will be taken in all confirmed cases of discrimination or harassment.

F. The City will not tolerate retaliation, in any form, against anyone making a complaint or reporting harassment or discrimination or against any person cooperating in a harassment or discrimination investigation.

G. By signing the '*Acknowledgement and Receipt*' form found at the end of this manual, all employees certify that they have read, and understood, '*Title 4, Anti-Discrimination and Anti-Harassment Policy*'.

Title 5, Employee Personnel Records

A. A personnel file for each employee is kept in the City Treasurer's office. Access is limited to the City Treasurer, City Clerk, the employee's supervisor, and the Mayor. An employee's personnel file contains the employee's name, title, and/or position held, job description, salary, changes in employee status, training documentation, performance evaluations, personnel actions affecting the employee, including discipline, and other pertinent information.

B. An employee has the right to review the file. An employee may request removal or correction of irrelevant or erroneous information in the file. If the Mayor denies the employee's request to remove information, the employee may file a written rebuttal statement to be placed in the file.

C. Personnel files are kept confidential to the maximum extent permitted by law. Except for routine verifications of employment, no information from an employee's personnel file will be released to the public, including the press, unless required by law.

Title 6, References

A. The City does not give references, other than to confirm the dates of employment, title, job description, or last salary, without the express written consent of the employee.

Title 7, Working Hours

A. The City's standard work week is Monday through Friday, from eight (8) a.m. to five (5) p.m. Staff schedules and work weeks must cover those hours of operation with the option to stagger staff schedules to cover hours of operation. Lunch breaks may consist of one hour or one-half hour breaks, with hours worked in a day adjusted accordingly. All staff will receive a lunch break. All staff will receive one paid fifteen (15) minute break for every four hours worked.

B. A normal working schedule for regular, full-time employees consists of forty (40) hours each work week.

C. Different work schedules, such as in the case of temporary or contract employees, will be established by the Mayor to meet job assignments and provide necessary City services.

D. Employee work shifts may consist of four (4) ten-hour days per week or five (5) eight-hour days per week, not to exceed the standard forty (40) hour work week. Employees must stagger shifts to guarantee hours of operation are covered. Non-salaried employees will be paid for actual hours worked in a month not to exceed the standard forty-hour work week.

Those employees choosing specific shifts must work that shift for one year prior to requesting a change.

E. Each supervisor and/or the Mayor will advise the employee regarding his or her specific working hours.

F. Part-time and temporary employees will work hours as specified by their supervisor.

G. All City positions are designated either 'exempt' or 'non-exempt' according to Fair Labor Standards Act (FLSA) and Washington State's Minimum Wage Act regulations.

Title 8, Overtime and Compensatory Time

A. Non-exempt employees are entitled to additional compensation, either in cash or compensatory time off, when they work more than the maximum number of hours during a work period, as defined in Title 7, Working Hours. Overtime or compensatory time off must be approved in advance by the Supervisor or Mayor, except in the case of emergencies, and is determined on a case-by-case basis.

B. Overtime. If a non-exempt employee is compensated for forty (40) hours of actual time worked in a week, additional work that week will only be authorized at the discretion of the Mayor, and paid at a maximum rate of time and one-half (1.5). Unauthorized overtime will not be paid.

Any work done on a holiday is considered holiday overtime at two and one-half (2.5) times the regular rate of pay and must be approved by the Mayor. This is the maximum rate of compensation for work done on a holiday. Employees are not entitled to receive regular pay in addition to holiday overtime compensation.

C. If the compensatory time option is exercised, the employee is credited with one and one-half times the hours worked as overtime.

1. Maximum accruals of compensatory time shall be limited to eighty (80) hours for regular employees. After maximum accrual, overtime compensation shall be paid.

2. Employees may use compensatory time after making a request in writing to their supervisor or the Mayor, unless doing so would unduly disrupt City operations.
3. Compensatory time should be used for short-term absences from work during times mutually agreed to by the employee and his or her supervisor.
4. Accumulation of compensatory time to be used as a substitute for extended vacation time off is not normally permitted nor encouraged.
5. If an employee is unable to use accrued compensatory time within one year of accrual, the employee will be paid his or her original overtime wage.

D. Exempt employees are not eligible for either overtime pay or compensatory time in lieu of overtime pay.

Title 9, Attendance

A. Punctual and constant attendance is a condition of employment. The supervisor or Mayor is responsible for maintaining an accurate attendance record of his or her employees.

B. In order to facilitate attendance record keeping, all employees are required to utilize time sheets on approved forms.

C. Employees unable to work or unable to report to work on time should notify their supervisor or the Mayor before the work day begins or within thirty (30) minutes of the employee's usual start time.

D. If an absence continues beyond one day, the employee is responsible for reporting in each day.

E. Employees are expected to be at work even during inclement weather. A supervisor or the Mayor may allow employees to be late or leave early during severe weather conditions; however non-attendance will be counted as absence from work and will be charged to accrued vacation or compensatory time.

F. An employee who is absent without authorization or notification is subject to disciplinary action, up to and including possible termination.

Title 10, Call-Back

A. All employees are subject to call-back in emergencies or as needed by the City to provide necessary services to the public. A refusal to respond to a call-back is grounds for immediate disciplinary action, up to and including possible termination.

B. Employees called back will be paid their appropriate rate of pay for hours worked, at the overtime rate if applicable.

C. Employees shall be paid for a minimum of two (2) hours on call-back time.

Title 11, Standby

A. All employees are subject to stand by in emergencies or as needed by the City to provide necessary services to the public. A refusal to respond to a request for standby is grounds for immediate disciplinary action, up to and including possible termination.

B. Employees requested to stand by will be paid their appropriate rate of pay, at the overtime rate if applicable, for a minimum of four (4) hours for every twenty-four (24) hour period on standby.

C. If called to work, the call back provisions in Title 10 apply.

D. Employees requested to standby must be available for call-back at all times during the standby period.

Title 12, Recruiting

A. Recruiting practices are conducted solely on the basis of ability, merit, qualifications, and competence, without regard to race, color, religion, national origin, gender, marital status, pregnancy, disability, or age.

B. Each applicant shall complete and sign an application form and a privacy release form prior to being considered for any position. Resumes may supplement, but not replace, the City's official application.

C. Any applicant supplying false or misleading information is subject to immediate termination if hired.

D. Residency within the City limits shall not be a condition of initial appointment or continued employment; provided that an employee's selection of residence shall not interfere with the daily performance of his or her duties and responsibilities. Employees in critical positions such as the Public Works Director, should live within a fifteen (15) mile radius of the City unless waived by the Mayor or City Council.

E. Applicants for positions in which the applicant is expected to operate a motor vehicle for the City must be at least eighteen (18) years old and will be required to present a valid Washington State driver's license with any necessary endorsements.

1. Driving records of applicants will be checked.

2. Applicants with poor driving records, as determined by the City, may be disqualified for employment with the City in positions requiring driving.

F. The City may administer pre-employment examinations to test the qualifications and ability of applicants, as determined necessary by the City. The City may contract with any competent agency or individual to prepare and/or administer examinations.

G. After an offer of employment has been made and prior to commencement of employment, the City will require persons selected for employment to successfully pass a medical examination, which will include testing for alcohol and controlled substances. The purpose of the examination is to determine if the individual is physically able to perform the job and to ensure his or her physical condition will not endanger the health, safety, or wellbeing of other employees or the public. The offer of employment may be conditioned on the results of the examination.

H. A candidate will be disqualified from consideration if found to be physically unable to perform the duties of the position and the individual's condition cannot be reasonably accommodated in the workplace or the candidate refuses to submit to a medical examination or complete medical history forms.

Title 13, Hiring Process

A. When a position becomes vacant and prior to any posting or advertisement of the vacancy, the supervisor and Mayor shall review the position, its job description, and the need for such a position.

1. The position shall be posted and advertised after the Mayor has approved the request.

B. All vacant positions shall be advertised in the official newspaper of the City and shall be posted at the official posting site(s) for City business.

C. Administrative, supervisory, and technical positions shall also be advertised in the Association of Washington Cities Job Net and in one newspaper with regional circulation.

D. Supervisors shall screen the applications, interview the applicants for each vacant position under their jurisdiction, and submit their recommendations to the Mayor for selection.

E. For administrative, supervisory, and technical positions the Mayor may choose to appoint a screening committee to assist in the review of applications and to act as the interview committee.

1. The committee shall have a minimum of three individuals, but not more than five.

2. A staff member may be assigned to act as secretary to the committee.

3. As a general rule, the committee should consist of one Councilmember, a senior staff member of the City, or another public agency, and a member of the community.

F. All appointments for new hires shall be submitted by the Mayor to the Council for confirmation.

Title 14, Temporary Employees

- A. With approval of the Mayor, temporary employees may be used during emergencies or other peak workload periods, to temporarily replace regular employees absent due to disability, illness, and vacation, or other approved leaves, or to temporarily fill a vacancy until a regular employee is hired.
- B. Temporary employees may be hired without competitive recruitment or examination.
- C. Temporary employees are eligible for overtime pay as required by law.
- D. Temporary employees are not eligible and do not receive retirement, vacation, sick leave, health insurance, holiday, or any other benefits during their employment.

Title 15, Trial Period

- A. All newly hired employees or former employees who have been re-hired, or employees promoted to a new classification shall enter a trial period that is considered an integral part of the selection and evaluation process.
- B. During the trial period an employee is required to demonstrate suitability for the position through actual work performance.
- C. The normal trial period is six (6) months from the employee's date of hire, re-hire, or promotion; however, longer periods may be established for positions requiring technical, professional, specialized, unusual, or unique skills or qualifications.
- D. An employee's trial period may be extended for up to an additional six (6) months when needed due to circumstances such as extended illness or a need to continue to evaluate marginal performance in order to properly evaluate the employee's performance.
- E. The trial period will not be shortened for any reason.
- F. Trial employees accrue vacation and sick leave but are not eligible to use vacation until the trial period is completed. This does not apply to promoted employees.
- G. During the trial period, the employee may be terminated at any time. This does not apply to promoted employees. If the promoted employee does not perform satisfactorily during the trial period, the employee will return to the original position and wage, unless that position has been filled. If that original position has been filled, disposition of duties and/or employment will be determined by the Mayor with consultation with the Supervisor.
- H. When a supervisor determines an employee has satisfactorily completed the trial period, the supervisor shall prepare a written performance evaluation, which will be reviewed by the Mayor. If the trial period is satisfactorily completed, the employee may be certified to regular employment status.

I. During the trial period the employee shall be paid an hourly wage. At the end of the six-month trial period the employee shall become a salaried employee.

Title 16, Employment of Relatives (Nepotism)

A. The City will not employ an employee's immediate family under any of the following circumstances:

1. where one of the parties would have authority or practical power to supervise, appoint, remove, or discipline the other;
2. where one party would be responsible for auditing the work of the other;
3. where both parties would report to the same immediate supervisor;
4. where other circumstances might lead to potential conflict among the parties or conflict between the interest of one or both parties and the best interests of the City; or
5. where one of the parties is a policy level official of the City.

B. The above provisions do not apply to temporary employees.

C. If, after the date of hire, two employees marry, become related, or begin sharing living quarters with one another, and in the City's judgment, the potential problems noted above exist or reasonably could exist, only one of the employees will be permitted to remain employed by the City, unless reasonable accommodations, as determined by the Mayor, can be made to eliminate the potential problem.

1. The decision as to which relative will remain with the City must be made by the two employees within ninety (90) calendar days of the date they marry, become related, or begin sharing living quarters with each other.
2. If no decision has been made during this time, the City reserves the right to terminate either employee.

Title 17, Promotions and Transfers

A. The City encourages current employees to apply for vacant City positions for which they are qualified. Promotions and transfers are based on the supervisor's recommendation, work force requirements, performance evaluations, job descriptions, and related City requirements.

B. Regular employees are eligible for promotion, transfer, or voluntary demotion. To be considered for another position, an employee must have satisfactorily completed his or her trial period and possess the qualifications for the vacant position.

Title 18, Compensation and Salaries

A. City employees are paid monthly on the last workday of each month. If a regularly scheduled payday falls on Saturday, paychecks will be distributed on the preceding Friday; if a regularly scheduled payday falls on Sunday or a holiday, paychecks will be distributed the preceding working day.

1. Employees may take a draw on the 15th day of each month in an amount equal to hours worked less standard deductions.

B. The City will withhold from the employee's paycheck those deductions required by law and one voluntary deduction authorized by the employee, or applicable union contract or statute.

C. When an employee's employment with the City is terminated, the employee will receive the following compensation:

1. Regular wages for all hours worked, up to the time of termination.

2. Any overtime or holiday pay due.

3. A lump sum payment of accrued vacation, compensatory time, and administrative leave.

Employees are not entitled to payout of any accrued, but unused sick leave upon termination.

D. In order to guide the Mayor and Council in setting and modifications of employee salaries, the associated salaries and wages are set by the budget ordinance annually and are hereby incorporated in full by reference. The City Council may review salaries and wages when, and as, deemed necessary.

E. The Mayor is authorized to grant a step increase in the salary schedule to each employee upon completion of his or her probationary period.

F. The Mayor is authorized to grant a step increase in salaries on an employee's employment anniversary date for salary steps 'a – g'. Step increases for steps 'h- j' may be approved every other anniversary date, commencing on the second anniversary date after a step increase to step 'g'.

G. The Mayor shall grant a step increase only when the Mayor finds, in his or her complete discretion, that the services performed are at least satisfactory. The Mayor must acquire Council approval for any salary increases that exceed one step increase per year, per employee.

H. The Mayor must acquire prior City Council approval for any increase in pay that exceeds a step increase for a promoted employee.

Title 19, Performance Evaluations

A. The City conducts periodic performance evaluations for all positions in order to achieve the City's goal to train, promote, and retain the best-qualified employee for every job.

B. The Mayor is responsible for developing and maintaining the City's performance evaluation program.

C. Employees are to be evaluated by their supervisor and/or the Mayor prior to completion of their trial period and at every annual anniversary of hire date thereafter.

D. The evaluation is part of an employee's personnel record and may be a factor in determining the employee's conversion to regular status, whether the employee receives a wage increase, or is to be promoted, transferred, demoted, laid off, or terminated.

E. If an evaluation has not been completed within thirty (30) days of completion of an employee's trial period or within thirty (30) days of an employee's anniversary date, the employee shall automatically receive a step increase.

Title 20, Retirement Benefits

A. The City makes contributions on behalf of all eligible employees to the Social Security System in addition to those contributions made by the employee through FICA payroll deductions.

B. Employees intending to retire should notify their supervisor of their intent to retire at least six months prior to the date of retirement.

C. To provide retirement income and other deferred benefits to all regular, full-time employees, the City established a 457 Deferred Compensation Plan through ICMA Benefits Trust.

D. Employee participation in the Plan is optional.

1. If an employee elects to participate, the minimum monthly contribution shall be \$25.

2. The City may elect to make PERS benefits available to employees.

3. Additional City contributions may be established each year in the City's annual budget.

4. Maximum contributions to the Plan are governed by Internal Revenue Service regulations.

Title 21, Disability Benefits

A. All employees are covered by the State Industrial Insurance program (worker's compensation). This insurance covers employees in case of on the job injuries or job related

illnesses. For qualifying cases, State Industrial Insurance will pay the employee for work days lost for any disability resulting from job-related injuries or illnesses.

I. All job-related accidents shall be reported immediately to the supervisor or Mayor.

B. When an employee is absent for one or more days due to an on the job accident, he or she is required to file a claim for Worker's Compensation. If the employee files a claim, the City will continue to pay the employee's regular salary through use of the employee's unused sick leave, pending receipt of Worker's Compensation benefits.

C. When the employee receives Worker's Compensation benefits, he or she is required to repay to the City the amount covered by Worker's Compensation and previously advanced by the City. This policy is to ensure that employees will receive prompt and regular payment during periods of injury or disability so long as accrued sick, vacation, or compensatory time leave is available, while ensuring that no employee receives more than he or she would have received had the injury not occurred. Upon the repayment of funds advanced, the appropriate amount of sick, vacation, or compensation time leave shall be restored to the employee's account.

D. The City may require an examination, at its expense and performed by a physician of its choice, to determine when the employee can return to work and if he or she will be capable of performing the duties and responsibilities of the position.

E. For qualifying cases the City may, with the approval of the State Industrial Insurance office, offer light duty employment to an employee injured on the job, if light duty is available. Light duty is subject to the Mayor's approval.

Title 22, Insurance Benefits

A. Employees are eligible to participate in the City's insurance programs. The programs and criteria for eligibility will be explained at the time the employee becomes eligible to join. The City reserves the right to make changes in the carriers and provisions of these programs when deemed necessary or advisable.

B. Upon mutual agreement between the employee and the City, and in accordance with the terms and conditions of the insurance policy, the City will continue health insurance coverage at the employee's expense during an approved unpaid leave of absence. COBRA continuation rights may apply in the event coverage is not extended through the City.

C. While an employee is receiving Worker's Compensation benefits, the City may continue to pay the employee's health insurance premiums for one (1) month, after which the employee may choose to use his or her COBRA rights and self-pay insurance premiums.

D. Upon the employee's termination from City employment, the employee may elect to continue City health insurance benefits to the extent provided under COBRA, at the employee's option and expense.

1. Continuation rights are not available if an employee is terminated for gross misconduct.

E. An administrative handling fee over and above the cost of the insurance premium may be charged to the employee, or his or her dependents, that elect to exercise their COBRA continuation rights.

Title 23, Unemployment Compensation

A. City employees may qualify for Washington State Unemployment Compensation after termination from City employment depending on the reason for termination and if they meet the Washington State Unemployment Compensation requirements.

Title 24, Leaves of Absence and Time Off

A. *Vacations.* Each regular full-time employee is entitled to vacation leave as follows.

1. Five (5) working days after the first six(6) months of employment, with an additional accrual of five (5) days spread over the last six months of the first year of employment.

a. An additional day will be added to the total vacation allotment after the first year of employment, up to a maximum of twenty (20) days per year.

2. No more than ten (10) consecutive working days may be taken at one time as vacation leave unless approved by the Mayor.

3. With the exception of the first year of employment, employees shall take vacation leave consisting of a minimum of three consecutive working days once each year.

4. All new employees must satisfactorily complete six months of employment in order to be entitled to the use of vacation leave.

5. Regular part-time employees are entitled to fifty (50) percent of the vacation benefits allowed regular full-time employees.

6. Temporary employees are not eligible for vacation benefits.

7. Each supervisor is responsible for scheduling his or her employee's vacations without undue disruption of City operations. Leave requests for more than three consecutive working days shall be made at least thirty (30) days prior to taking a vacation leave. The Mayor has final approval of all vacation requests.

8. Unused annual vacation days earned may be carried over from year to year. The maximum number of vacation days that may be carried over from December 31st of one year to January 1st of the next year is thirty (30) days. In cases where City operations

have made it impractical for an employee to use vacation time, the supervisor, with approval of the Mayor, may authorize additional accruals.

9. When an employee reaches the maximum allowed accumulation of vacation days, he or she may request to be paid for up to twenty-five (25) percent of the accrued days.

B. Sick Leave.

1. All full-time regular employees accrue sick leave benefits at the rate of eight (8) hours for each calendar month of continuous employment.

2. Employees accrue and may use sick leave during their trial periods.

3. Regular part-time employees receive fifty (50) percent of the sick leave benefit allowed to regular full-time employees.

4. Temporary employees do not earn sick leave benefits.

5. Employees do not accrue sick leave benefits during a leave without pay.

6. The maximum accrual of sick leave shall be four hundred and eighty (480) hours.

7. Sick leave covers those situations in which an employee is absent from work due to:

a. physical injury or illness to the employee;

b. the need to care for the employee's immediate family who are ill;

c. medical or dental appointments for the employee or dependent child, provided that the employee must make a reasonable effort to schedule such appointments at times which have the least interference with the work day;

d. exposure to a contagious disease where on-the-job presence of the employee would jeopardize the health of others;

e. use of a prescription drug that impairs job performance or safety;

f. the death of an immediate family member, if Bereavement Leave (see Title 24, section I, *Bereavement Leave*) has already been exhausted and additional leave is needed;

g. actual periods of temporary disability associated with pregnancy or childbirth. Employees may request additional time off beyond the actual period of disability; vacation leave, compensatory time, or leave without pay may be used.

7. A doctor's certificate shall be required prior to return to work when an employee is absent for a period in excess of five (5) days. The City may also request the opinion of a second doctor at the City's expense to determine whether the employee suffers from a chronic physical or mental condition that impairs his or her ability to perform the job. Employees who are habitually absent due to illness or disability may be terminated if their disability cannot be reasonably accommodated and/or when the employee's absenteeism prevents the orderly and efficient provision of services to the citizens of the City.

8. Employees who use all their accumulated sick leave and require more time off work due to illness or injury may, with their supervisor's and the Mayor's prior approval, take leave without pay, or use vacation or compensatory time.

9. Employees may donate accrued sick leave to another employee that has depleted his or her sick leave accrual and compensatory time accrual due to a major personal or family health crisis.

10. Employees may convert sick leave hours to vacation hours, at a ratio of 2:1, once an accumulation of thirty (30) days sick leave has occurred. The thirty (30) day accumulation of sick leave must be maintained in order for any conversion to be requested.

C. Leave Without Pay.

1. The Mayor may grant leaves of absence without pay for absence from work not covered by any other type of leave or if other leave balances are exhausted. Examples of situations for which leave without pay may be granted include time off work for personal reasons, such as prolonged illness, parenting, caring for an ill relative, pursuing an education, or fulfilling a military obligation in excess of fifteen (15) days per year.

2. Only regular employees who have satisfactorily completed their trial period are eligible for leave without pay. The following requirements apply.

1. Step 1: an employee should first try to resolve any problem or complaint with his or her supervisor. The supervisor will respond to the employee in writing within five (5) days after meeting with the employee, if possible.

4. Certain employees may have more than one source of dispute resolution rights, i.e., the City's civil service rules, a collective bargaining agreement, if any, and this complaint process. In all other cases, the procedures described in this section shall be used.

5. Under no circumstances shall an employee have the right to utilize both this process and any other complaint or appeal procedure that may be available to an employee.

Title 36, Discipline

B. Acts, errors, or omissions, that discredit the public service or impair the ability of staff to provide orderly services to the citizens of the City may result in discipline, including termination.

D. The following are examples of the types of behavior that may result in discipline:

1. drinking alcohol or the abuse of non-prescription or prescription drugs or other controlled substances on the job, or arriving on the job under the influence of, or while in possession of, alcohol, drugs, or other controlled substances (this section does not apply to non-prescription or prescription medications that do not affect the employee's ability to carry out his or her job functions);

13. dishonesty;
14. theft of City property;
15. falsification of employment or personnel records;
16. misrepresentation or misuse of powers and authority as a City employee.

E. This list is not all-inclusive, but only serves as a general guide. The Mayor may discipline or terminate employees for other reasons not stated above.

F. In the event that discipline is necessary, the following types of disciplinary actions may be used, depending on the particular situation.

1. Oral warning/instruction. Oral warning or instruction is a verbal request for correction of an unacceptable on-the-job practice. This is the most informal step of the progressive discipline procedure. The oral step involves a supervisor discussing with the employee his/her 'on-the-job' shortcoming(s) and what correction action(s) needs to be taken. It is essential that the employee recognize and understand both the problem and the needed corrective action.

A memo documenting this discussion shall be placed in the employee's file. The employee will be requested to acknowledge the fact that the discussion took place by initialing the memo. It is not necessary that the memo contain specifics, only that a discussion took place, and the subject.

2. Written warning. A written warning is a written request for correction of an unacceptable on-the-job practice. A written warning should be utilized when warranted by the seriousness of the offense or when an oral warning has been ineffective. Written warnings shall include a description of the problem and the corrective action the employee must take, as well as the date by which the action must be taken, and the consequences of not correcting the situation will be. A copy of the written warning shall be retained in the employee's personnel folder.

3. Investigative suspension. Investigative suspension is an unpaid period of time used for determining the facts of a situation which could result in a severe disciplinary action. Such period shall not exceed two weeks duration. Generally, the suspension is accompanied by a letter which refers to any earlier oral or written warning(s) that have gone unheeded. Upon completion of the investigation, one of three courses of action may be taken:

- a. suspension for a definite period of time;
- b. other disciplinary action, including dismissal;
- c. restitution to the employee for time lost if the investigation determines that no disciplinary action is appropriate.

4. Dismissal. Dismissal is invoked when the severity of the offense dictates or when the employee fails to respond positively to the demands that an untenable situation be corrected. These demands will be in the form of documented verbal and written warnings. Dismissal may also be immediately invoked without utilizing any of the above-mentioned disciplinary procedures if the Mayor determines that the employee has committed an extremely serious offense, i.e., theft, violence, or gross insubordination.

Title 37, Termination

A. An employee may be terminated from City employment for any of the reasons listed below.

- 1. During, or at the end of, the employee's trial period.

2. As a result of disciplinary action.

3. Due to loss of skills, certifications, or other conditions that would make the employee unfit for service.

4. When the City Council has made a determination that a lack of work or funding exists with respect to the employee's position. The City Council has sole discretion to make determinations of lack of work or lack of funding.

5. If the employee has a physical or mental impairment that prevents him or her from performing the required duties of the employee's position and the employee cannot be reasonably accommodated. Termination must be supported by medical evidence that establishes that the individual is unable to perform bona-fide job requirements. The City may require an examination at its expense performed by a physician of its choice. Failure to submit to such a request may result in termination.

B. At-will employees may be terminated at any time, with or without cause and with or without notice.

C. In the case of termination of an employee other than at-will employees, or trial employees, the City will conduct a pre-termination hearing. The pre-termination hearing serves as a check against mistaken decisions and to determine whether there is a reasonable presumption that the charges against the employee are valid and support termination.

D. The Mayor may lay off employees for lack of work, budgetary restrictions, or other changes that have taken place.

1. Temporary employees or employees who have not completed their trial period will be laid off before regular employees are affected.

2. In determining who is to be laid off, consideration will be given to individual performance and the qualifications required for remaining jobs. Seniority will be considered when performance and qualifications are equal.

3. Employees who are laid off may be eligible to be re-employed, if a vacancy occurs in a position for which they are qualified.

E. An employee should provide a two (2) week notice of resignation. The Mayor may waive this time limit.

F. Upon the death of an employee, all compensation due shall be paid to the surviving spouse or the estate of the employee.

G. Upon termination of employment, the employee shall meet with his or her supervisor, the Mayor, or the City clerk, to complete a checklist indicating the return of keys, credit cards,

Payment of any disallowed charges will be processed as stated in subsection 'J' below.

J. Disallowed charges: credit/debit cards may only be used for City business. Any employee using a City-issued credit/debit card for non-City business shall be billed for all charges on the credit card, and the City Treasurer or his or her designee is directed and authorized to make payroll deductions to recover any unauthorized charges if the employee does not pay the charges prior to the time they are due. The amount due by the employee will include any accrued credit/debit card interest and any penalties resulting from the charge.

K. The Mayor, or supervisor, as appropriate, may bar any employee with a demonstrated history of charge card defaults, from using any City credit/debit cards.

L. Cash advances: cash advances on all City credit/debit cards are prohibited.

7. All air travel will be by the most economic rates. Airline tickets will be purchased by the City through the City Treasurer with payment made directly to the vendor.
8. If air travel is the most economic method of transportation, employees electing to travel by personal vehicle will be reimbursed at an amount equal to what airfare, plus costs involved in transportation to and from the airport, would have been. The 'in lieu' amount is considered full compensation for all costs while enroute to and from the destination, including transportation, meals, and lodging.

In order to have on record a clear understanding with regard to FLSA, employees will be required to acknowledge in writing that selecting this option was a voluntary personal choice.

Other individual not named above, including Councilmembers		Mayor
Mayor		Mayor Pro Tempore

3. City employees shall provide the written charge of retaliation to the Mayor no later than thirty (30) days after the occurrence of the alleged retaliatory action. The Mayor shall take appropriate action to investigate and address complaints of retaliation and respond, within thirty (30) days, to the charge of retaliatory action. Only in cases where the Mayor is perceived to have taken a retaliatory action, should the employee send such charge of retaliation to the Mayor Pro Tempore and the Mayor Pro Tempore must respond within thirty (30) days to the charge of retaliatory action.

4. If the complaint is not satisfactorily addressed. If the person advised of the retaliatory action does not satisfactorily resolve the employee's complaint, the employee may obtain protection under this policy and pursuant to state law by providing a written note to the City Mayor Pro Tempore that specified the alleged retaliatory action and the relief requested.

5. When to request a state hearing. After receiving either the response of the City or thirty (30) days after the delivery of the charge to the Mayor, the employee may request a hearing before a state administrative law judge to establish that a retaliatory action occurred and to obtain appropriate relief provided by law. An employee seeking a hearing should deliver the request for hearing to the Mayor with the earlier of either fifteen (15) days of delivery of the City's response to the charge of retaliatory action, or forty-five (45) days of delivery of the charge of retaliation to the City for response.

a. Upon receipt of request for hearing, the City shall apply within five (5) working days to the Administrative Hearings Office for an adjudicative proceeding before an administrative law judge.

6. The City will consider any recommendation provided by the administrative law judge that the retaliator be suspended with or without pay, or dismissed.

F. Management Responsibilities. Supervisors are responsible for ensuring the procedures are fully implemented within their areas of responsibility.

G. Communication and implementation. The City Clerk is responsible for implementing the City's policies and procedures for reporting improper governmental action and for protecting employees against retaliatory actions. This includes ensuring that this policy and these procedures are:

1. permanently posted where all employees will have reasonable access to them;
2. made available to any employee upon request; and

3. provided to all newly-hired employees.

H. Violations. Violations of this policy and these procedures may result in appropriate disciplinary action, up to and including dismissal.

Title 42, Internet Use Policy

A. The City provides internet access, including e-mail, to its employees to facilitate business. As used in the policy, 'internet' includes email. Internet is provided for legitimate business use in the course of assigned duties only. Inappropriate use may result in loss of access privileges and/or disciplinary action.

B. The Mayor or his/her designee may monitor use of the Internet system or review the contents of stored internet records. Inappropriate use includes, but is not limited to:

1. communications and uses not related to City business;
2. unauthorized attempts to access another's internet or email account;
3. transmission of sensitive or proprietary information to unauthorized persons or organizations;
4. transmission of obscene, harassing, or inappropriate messages;
5. unauthorized reproduction or distribution of copyrighted materials.

The Mayor may allow use of the internet during 'down' times or breaks.

C. Authorized employees shall have immediate access to the internet. Employees shall avoid situations which may contaminate or compromise the City's computer systems. All work stations with internet access will be provided with an internal virus scanning mechanism.

D. Emails with no retention value should be deleted after the information has been received and examined. Email that constitutes a public record must be retained in its original form for the required record retention time period.

E. All email required by law to be retained, is subject to public records request laws, including any email sent from an employee's personal computer pertaining to city business.

F. By using the internet access provided, every employee agrees that he or she is aware of the policy and that the internet records may be read or monitored by authorized individuals.

G. Employees, by signing the Acknowledgement Receipt of Policies, acknowledge that this internet policy has been read and that failure to follow the provisions of the policies and

procedures could lead to the loss of an employee's computer system privilege and/or disciplinary action.

Title 43, Drug and Alcohol Testing Procedures

A. Requirement to participate in drug and alcohol testing program. The City of Gold Bar is required by Federal regulation to administer a testing program for drug and alcohol use for employees who are required to have and maintain a Commercial Driver's License to perform their job duties.

B. The City has also adopted a Drug Free Workplace Policy which authorizes drug and alcohol testing of employees in circumstances other than under the Federal Omnibus Transportation Employee Testing Act. Those circumstances are set forth in the Drug Free Workplace Policy and include pre-employment testing, reasonable suspicion testing, and return to work testing.

C. Whenever drug and/or alcohol testing is required of a City employee pursuant to the City's policies, this Personnel Manual shall apply and govern the procedures for such testing.

D. Covered Employees: Federal Omnibus Transportation Employee Act. The following groups of employees are required by law to participate in the drug and alcohol testing program.

1. Regular and temporary employees who are required to operate a commercial vehicle as part of their routine job duties.
2. Any employee who possesses a Commercial Driver's License who may at any time operate a commercial vehicle on an on-call, emergency, or unscheduled basis (including supervisory employees who may be called upon at any time to operate a commercial motor vehicle).
3. Current employees who transfer or promote to a position requiring operation of a commercial vehicle and possession of a Commercial Driver's License.
4. A pre-employment drug test is required of all persons given a conditional job offer for a position that meets the description outlined above.

E. Designated Contact. The City Office Manager and City Clerk have been designated by the City of Gold Bar to answer questions about the program and program materials and may provide employees with resource materials or referral assistance.

F. Testing, Evaluation, and Referral Services. The City of Gold Bar has joined the Association of Washington Cities (AWC) Drug and Alcohol Testing Consortium for much of the administration of this program. The AWC Consortium has contracted with specific hospitals to conduct the random testing services, provide the testing laboratory facilities, arrange the testing collection sites, and provide the Medical Review Officer (MRO) functions. The services of a Substance Abuse Professional (SAP) are also available for employees with positive test results.

For specific doctors, locations, and laboratories, contact the City Office Manager or AWC.

G. Testing Procedures.

1. Pre-Employment Testing. Following a conditional offer of employment, prospective employees will be tested for the presence of drugs.
2. Current employees who are transferring from a position that does not require a Commercial Driver's License to a position that does require one, will be tested for the presence of drugs prior to performing duties that require driving or operating a commercial vehicle.
3. A positive drug test result for an employment candidate will result in rescission of any conditional offer of employment made by the City of Gold Bar. The individual will only be eligible to reapply for a position covered by these procedures after the expiration of six months. Employees seeking to transfer are subject to discipline as described in the City's Drug Free Workplace Policy and/or the Commercial Vehicle Operator Drug and Alcohol Testing Policy.

H. Random Testing.

1. The names and social security numbers for employees covered by these procedures at the City of Gold Bar have been included in the AWC Drug and Alcohol Testing Consortium pool. This pool contains all eligible individuals from all of the Consortium members. The pool database is managed by Virginia Mason and is updated monthly as changes in personnel occur.
2. The annual random testing rate required under federal regulations is 50% of the pool for drug testing and 25% of the pool for alcohol testing. This means that if the pool contains one thousand (1,000) members, there will be at least five hundred (500) random drug tests and at least two hundred fifty (250) random alcohol tests conducted throughout the year.
3. Selections for random testing will be regulated, monitored, and administered by the Association of Washington Cities through an interlocal with the City. AWC will notify the City and employee of the procedure to follow for the random test. AWC will also administer actions in cases of positive test results. These actions will include, at a minimum, immediate notification of the City.
4. If an employee scheduled for an alcohol test receives a confirmed test result with a blood alcohol level of 0.02 or above and is unaccompanied at the collection site, a supervisor will be called to the site to transport the employee.
5. Refusing to submit to a test will be considered the same as a positive test result and will subject the employee to the same consequences as receiving a positive test result.

I. Reasonable Suspicion Testing.

1. According to the federal regulations, reasonable suspicion testing is to be based on 'specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the employee'. Only supervisors who have been trained in detecting the symptoms of alcohol misuse or drug use and who have directly observed behaviors, appearance, or physical symptoms, can subject an employee to reasonable suspicion testing. Supervisors should complete a *Reasonable Suspicion Observation* form and if possible have the form signed by a witness.
2. If a supervisor has reasonable suspicion to believe that an employee who is on duty, about to go on duty, or just completed duty, is under any influence of drugs or alcohol, the supervisor will remove the employee from duty immediately. The employee will be advised of the reasons for reasonable suspicion and will be transported to the collection site by the supervisor for testing.
3. Reasonable suspicion alcohol testing may only occur just before, during, or after an employee drives a commercial vehicle. If a reasonable suspicion alcohol test is not conducted within two hours of determination that it is necessary, the supervisor will prepare and maintain documentation of the reasons why testing did not occur.

J. Post-Accident Testing.

1. All employees covered by these procedures will be subject to post-accident testing if they are involved in an accident with a commercial vehicle on a public road which results in:
 - a. a fatality, or
 - b. the driver receives a citation under state or local law for a moving violation, and
 - i. there is bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene, or
 - ii. one or more motor vehicles incurs disabling damage requiring the vehicle to be transported away from the scene by a tow truck or other vehicle.
2. After an accident, employees are responsible for contacting the immediate supervisor or other management personnel. If the above conditions are met, the employee must make themselves available for post-accident testing as soon as possible. Post-accident testing for alcohol should occur within two hours if possible, but may not exceed eight hours. Testing for drugs should occur within thirty-two (32) hours.

3. Employees subject to post-accident testing are prohibited from consuming alcohol for eight hours following the accident, or until the employee has completed the alcohol test, whichever comes first. An employee who does not comply with the post-accident testing will be considered to have refused testing and will be subject to disciplinary action. An employee in a post-accident situation should cooperate with law enforcement personnel investigating the scene.

4. Supervisors are responsible for determining if the accident qualifies the driver for post-accident testing and should escort the employee to the collection site if possible. If an employee is unable to provide consent to testing due to their medical condition, the supervisor will document the reasons why the employee was not tested. If testing is not completed within the required time following an accident, the supervisor will document in writing why the tests were not administered.

K. Return to Duty and Follow-Up Testing.

1. All employees who have engaged in prohibited conduct as defined in the City's Personnel Manual, including those who have tested positive for drugs or alcohol, are subject to return to duty testing and may be subject to follow-up testing.

a. Return to Duty Testing. After engaging in prohibited conduct regarding alcohol or drug use, an employee is required to undergo a return to duty alcohol and/or drug test prior to returning to a duty which requires driving a commercial vehicle. A return to duty alcohol test must result in a breath alcohol concentration of 0.02 or less. A return to duty drug test must result in a verified negative result.

b. Follow-Up Testing. An employee who returns to work after evaluation by a Substance Abuse Professional (SAP) determining that the employee is in need of assistance in resolving problems associated with alcohol misuse or drug abuse is subject to unannounced follow-up alcohol and/or drug testing as directed by the SAP and the City, but no less frequently than six times in the first year following the return to work. The follow-up testing period may not exceed sixty (60) months for each incident.

L. After Hours Testing. If the need for testing occurs outside of the normal hours of operation of the designated collection site, a supervisor or manager will be responsible for following the procedures established by AWC and the City for such occurrences.

M. Testing Costs and Compensation

1. Testing costs. The City will pay for the following alcohol and/or initial drug tests: random testing; reasonable suspicion testing; post-accident testing; pre-employment testing; follow-up testing; or return to duty testing.

2. Employees are responsible for the costs associated with split sample re-tests made at the employee's request. If a split sample returns a negative result, the City will reimburse the employee for the cost of the test.

3. Substance abuse professional and rehabilitation costs will be the responsibility of the employee.

N. Pay Status.

1. For time spent testing, employees will be compensated for time spent to report to the testing facility and being tested for random testing; reasonable suspicion testing; post-accident testing; return to duty testing; and/or follow-up testing.

2. Employees are responsible for taking the following tests on their own time: split-sample re-tests made at the employee's request.

3. Waiting for Results. Employees who have been asked to submit to a reasonable suspicion drug test will be placed on unpaid leave pending the outcome of the test results. Such employees are eligible to use accrued vacation or sick leave during this time. If the test result is negative, the time will be paid and any sick or vacation leave used will be credited.

4. Alcohol Concentration of 0.02 but less than 0.04. If an employee receives an alcohol test result of at least 0.02 but less than 0.04, the employee must be removed from duty which requires driving a commercial motor vehicle for at least twenty four (24) hours following the administration of the test. The employee may use accrued vacation or sick leave during this absence.

5. Positive Drug Test or Alcohol Test Result of 0.04 or Higher. An employee who receives a positive drug test or who tests 0.04 or greater on an alcohol test is not allowed to return to work until all of the applicable requirements are met as outlined in the Drug Free Workplace Policy and Commercial Vehicle Operator Drug and Alcohol Testing Policy (see Consequences of Engaging in Prohibited Conduct and Positive Drug or Alcohol Test). Such employees may use accrued vacation or sick leave during this absence.

O. Testing Methods.

Testing methods will be set, administered, and regulated by the Association of Washington Cities through an interlocal with the City.

P. Training and Education.

1. The City of Gold Bar will provide all affected employees with a copy of this Personnel Manual and other information as may be required by federal regulations. Each employee must sign a receipt upon having been provided the above referenced information.

2. The Mayor and supervisors designated to determine whether reasonable suspicion exists to require a driver to undergo alcohol or drug testing will receive at least sixty (60) minutes of training on alcohol abuse and sixty (60) additional minutes of training on drug abuse. The training will cover the physical, behavioral, speech, and performance indicators of probable alcohol misuse and use of controlled substances.

Title 44, Commercial Vehicle Operator Drug and Alcohol Testing Policy

A. Purpose. The purpose of this policy is to establish compliance with the Federal Highway Administration regulations requiring drug and alcohol testing for Commercial Driver's License holders. Regulations issued by the United States Department of Transportation mandate urine, drug, and evidential breath alcohol testing for employees in safety-sensitive positions, including those who are required to hold a Commercial Driver's License (CDL). This policy sets forth the City of Gold Bar's drug and alcohol testing program and the testing and reporting requirements as required by Federal law.

B. Application. This policy applies to all employees of the City of Gold Bar who are required to have and maintain a CDL in order to perform the duties of the job and operate commercial vehicles in excess of 26,000 pounds. Contractors performing functions for the City of Gold Bar involving the use of a vehicle requiring a CDL will be subject to specific alcohol and drug testing as required by federal regulations.

C. Policy. The City of Gold Bar has a significant interest in the health and safety of its employees and its citizens. In furtherance of that interest, it is the policy of the City of Gold Bar to take those steps necessary to ensure that its employees perform their duties and responsibilities free of the influence of drugs and alcohol. Employees are encouraged to seek confidential counseling on problems associated with alcohol and drug abuse. There will be mandatory drug and alcohol testing for employees and job applicants under the circumstances outlined in this policy.

F. Testing

1. Pre-employment Drug Testing. All individuals who are covered by this policy must pass a drug test as a post-offer condition of employment.

2. Reasonable Suspicion Testing. Employees subject to this policy shall submit to a drug and/or alcohol test when the City of Gold Bar reasonably suspects that this policy (except the prohibitions against possession, transfer, or sale of alcohol) may have been, or is presently, being violated. A referral for testing will be based on contemporaneous, articulable observations. Such referrals will be made by supervisory personnel who have received training concerning the signs and symptoms of drug and alcohol use.

Alcohol testing for reasonable suspicion may only be conducted just before, during, or after an employee operates a commercial vehicle. If removed from duty based on reasonable suspicion of alcohol use and an alcohol test is not administered within eight hours, the employee will not be allowed to perform or continue to perform covered functions until:

a. an alcohol test is administered and the driver's breath alcohol concentration measures less than 0.02; or

4. Random Testing. Employees covered by this policy will be subject to random, unannounced alcohol and drug testing.

5. Return to Duty Testing. Employees who have violated this policy, including those who have tested positive on a drug or alcohol test, and who under the discipline policy are allowed to return to work, must test negative prior to being released for duty. A return to duty test following alcohol misuse may not exceed an alcohol concentration of 0.02.

6. Follow-Up Testing. An employee who is referred for assistance related to alcohol misuse and/or use of drugs is subject to unannounced follow-up testing for a period not to exceed sixty (60) months as directed by a Substance Abuse Professional and the City of Gold Bar. The number and frequency of follow-up testing will be determined by the Substance Abuse Professional and the City of Gold Bar, but will not be less than six tests in the first twelve (12) months following the employee's return to duty.

7. Re-Tests. Employees who test positive for drugs may request a second test of the remaining portion of the split sample within seventy-two (72) hours of notification of a positive test result by the Medical Review Officer.

H. Securing Information from Previous Employers. If a person is to be hired into a position subject to this policy and during the previous two years has worked as a driver of a commercial vehicle, that person must authorize a request of all employers of the driver within the past two years to release information on the following:

1. positive alcohol or drug tests;
2. any refusal to be tested.

This information must be obtained before the person is employed by the City of Gold Bar. However, if the information has not arrived by the anticipated start date, and if the person has

passed the pre-employment drug test, the person may be hired and the requested information must be obtained from the previous employers within fourteen (14) calendar days of the date of hire. If the information has not been received within the fourteen (14) calendar days, the person will not be permitted to drive commercial vehicles until the information has arrived. If the information obtained from previous employers indicates either a positive test or that a refusal to be tested occurred within the past two years, that person will not be permitted to drive commercial vehicles unless subsequent information indicates that an evaluation by a Substance Abuse Professional was made and return to duty testing was administered.

I. All records related to drug and alcohol testing will be maintained in a secure location with controlled access. These records will be kept separate from records pertaining to all other employees.

Statement of Receipt of Personnel Policies

All employees shall read the Personnel Manual, then sign, date, and return the attached form 'Acknowledgment Receipt of Policies' to the City Clerk. The form will be placed in the employee's personnel file.

It is the employee's responsibility to read the entire Personnel Manual, as the policies will acquaint the employee with benefits, employee practices and rules, and some organizational philosophy.

It is important to understand that these policies do not create an employment contract or a guarantee of employment of any specific duration between the City and its employees. Although the City hopes that the employment relationship will be long term, it is recognized that at times things do not always work out as hoped, and either the City or the employee may decide to terminate the employment relationship.

Unless specific rights are granted to the employee in an employment contract, civil service rules, or elsewhere, all employees of the City are considered at-will employees and may be terminated from City employment at any time, with or without cause and with or without notice.

As the City grows and changes personnel policies may change. The City, therefore, reserves the right to revise, supplement, clarify, or rescind any policy when deemed appropriate by the Mayor and City Council. Employees will be notified of any such changes.

Please understand that no supervisor or representative of the City other than the Mayor has the authority to make any written or verbal statements or representations that are inconsistent with these policies.

If an employee has any questions about these policies or any other policies of the City, he or she may ask the supervisor or Mayor.

Acknowledgement Receipt of Policies

I have read and understand the Statement of Receipt of Personnel Policies. I hereby acknowledge that it is my responsibility to read the policies and ask questions if I do not understand portions of said policies.

I acknowledge that I have been given a copy of the Personnel Manual.

I acknowledge and agree that the policies supersede and voids any other agreements, oral statements, prior policies, practices, promises, or writings, in any form, regarding my employment, unless I have an express written employment agreement in place, signed by an authorized officer of the City of Gold Bar, and me.

Furthermore, I understand and agree that, unless I am covered by a written employment agreement signed by myself and an authorized officer of the City of Gold Bar that expressly states otherwise, my employment is at will, for an indefinite period of time, and may be terminated by the City of Gold Bar at any time, and for any reason that does not violate local, state, or federal law, with or without notice.

I also understand that the policies do not constitute a contract of employment and that the City of Gold Bar may change, revoke, interpret, or add to any of the policies or guidelines described in the Personnel Manual at any time and in its sole discretion with or without prior notice.

I agree to comply with the guidelines and policies as set forth and any other guidelines or policies established by the City of Gold Bar during my employment.

I hereby consent to deduction from my final paycheck of any amounts advanced to me that remain unearned when my employment with the City ends, including unearned leave. I also consent to the City withholding my final paycheck until all keys, credit/debit cards, and city equipment checked out to me has been returned. If I have entered into the City-sponsored cell phone program, I also consent to the City withholding my final paycheck until the City is no longer responsible for any cell phone billings.
