DEMOLITION PERMIT APPLICATION & CHECK LIST

**Note: Demolition application must be complete or it may not be accepted.
All information must be turned in at time of application submittal.**

The following is required for approval of our demolition permit application:

- 1.) If structure was built prior to 1974, you must have the items that may contain Asbestos tested. Items that may contain Asbestos include but are not limited to: insulation, flooring, ceiling tile, plumbing insulation, and roofing material.
- 2.) If Asbestos is found, prior to demolition, you must notify Puget Sound Clean Air Agency of your intent to remove the Asbestos. Documentation of notification and removal is required prior to the city issuing a demolition permit.
- 3.) Completed demolition permit application.

Puget Sound Clean Air Agency Release: Yes No

THIS APPLICATION MUST BE COMPLETED BEFORE ACCEPTANCE

It is the responsibility of the permit holder to notify the Building Department and ensure that the required inspections are made. This permit may be revoked if the work is not in conformance with laws, rules and regulations of the City of Gold Bar. The duty to ensure conformance rests with the builder, developer and permit applicant, not the city. The approval of construction plans and satisfactory inspections do not guarantee that all provisions of applicable codes have been met. All plans submitted to the City become public record and are available for public inspection and copying. All contractors performing work authorized by this permit must be registered as required by state law and must have a current business license within the City of Gold Bar.

I hereby certify that I am authorized to perform the work for which this application is made, and that I have read and examined this application and know the same to be true and correct.
