STAFF REPORT

Chief Whalen highlighted calls, including how many were deputy-initiated and proactive. Additionally, Gold Bar Deputy Aaron Whyde has been certified as a drone operator, with a drone signed out to Gold Bar City Hall, so it will be a huge resource for the officers. Brief discussion regarding the drone ensued.

Director Norris said had placed a sheet in everyone's box about utility right of way use fee. Director Norris briefly explained that Snohomish County would now be charging all utilities a right of way use fee for any utilities along their right of way, which would be our water mains we have in the county that supply water to county residents. The total comes to about a hundred and seventy-six dollars a year. Brief discussion ensued.

Office Manager Beaton had no report.

COUNCIL COMMENTS

Councilmember Sears apologized for being late.

Councilmember Lie talked briefly about the Snohomish County Tomorrow meeting and the housing crisis. He also said Snohomish County Council is supposed to be having an ordinance, resolution, or modification that would raise hurdles for people with drug issues to get housing at Snohomish County subsidized housing facilities. This will make it more difficult for housing authorities to allow people in, that have not completed their treatment. He then said the Charter Commission has come up with some recommendations and he believes these need to be read carefully when it comes time to vote. Councilmember Lie would like to also look at allowing golf carts after one has been driving up and down May Creek Road in front of his house. He has reviewed what Index and Sultan has for allowing them and would like to have a discussion on it.

Councilmember Martin mentioned that the bi-monthly recreation meeting will be held at 10am at Sultan City Hall on Friday.
