MAYOR'S REPORT

Mayor Yarbrough said Bridge services are working on county credentials. He also let the council know there will be a significant increase in jail rates for the coming year. The Department of Commerce initial housing review has been completed. The city is working on nuisance abatement. Councilmember Lie asked if Sultan was going to offer Bridge services, which they are not.

STAFF REPORT

Chief Whalen reviewed calls, with over seven hundred in the region. He said the abandoned 5th wheel on the highway will be removed by Washington State Patrol. He addressed a recent fatality on the highway in Gold Bar. Councilmember Lie asked if there was a way to charge owners who abandon recreational vehicles and there was discussion around the difficulty of finding the legal owner, illegal dumping, cases left pending, multiple owners, fees that RV owners are charged for disposal that goes to the county, and that several abandoned RVs recently have come from a specific property and the owner has been cited. He also said this issue was a low priority for prosecutors.

Mayor Yarbrough said the city is looking at alternatives for prosecution services and that current cases are not getting filed due to staffing. Other options would allow the city to have cases actually filed rather than just going away.

Director Norris said regular maintenance is ongoing, including fencing for Stickney Mountain Place. Councilmember Lie asked for an update on the pump track, and the city is waiting on the engineers.

COUNCIL COMMENTS

Councilmember Sears has been looking at the proposed county budget as it impacts the city.

Councilmember Lie spoke briefly about the upcoming Snohomish County Tomorrow presentations and that the council should get summaries of meetings. He asked who would be attending the earthquake presentation and Mayor

Yarbrough reminded him that he said at the last meeting he would be attending. Councilmember Lie then said to not mail in votes.

Councilmember Martin thanked Director Norris and staff for the new railings and said staff did an excellent job. She also reminded people not to burn.

After discussion Councilmember Russell moved to authorize the city to pay off the USDA loan and with a second by Councilmember Sears the motion carried.

Acquisition Exploration, Ley Road, Passive Riverfront Recreation. There is the possibility the city may be able to purchase property on Ley Road to be used for passive riverfront recreation as detailed in the comprehensive plan. The property would be a piece of a natural pedestrian path. It may be possible to obtain funding through a Snohomish County Conservation grant with a deadline of September for submittal. Councilmember Lie asked if this should not be discussed in executive session, but because there is no actual purchase or dollar amount being discussed, an executive session is not needed yet. There was discussion around the grant, the need for easements to complete a full path, and if the city could purchase the property without the grant, which is not known. After discussion, Councilmember Sears authorized the mayor to apply for the grant and with a second by Councilmember Russell, the motion carried.
